Hiring Manager  
Futops Technologies India  
India

**Subject:** Application for AWS Trainee Engineer Position

Dear Hiring Manager,

I am excited to apply for the AWS Trainee Engineer position at Futops Technologies. As a recent graduate with a B.E in Computer Science, I am eager to apply my technical knowledge and passion for cloud computing to contribute to your innovative team.

During my academic journey, I developed a strong foundation in cloud technologies, and Agile methodologies. My hands-on experience with AWS services—including S3, Lambda, and DynamoDB—has equipped me to work effectively in cloud-based environments.

Furthermore, I have worked as an AWS Intern at KGTTI, where I gained practical experience in cloud deployment and management. I have also completed AWS Certified courses from the official AWS Academy, strengthening my expertise in cloud computing and best practices.

Beyond technical skills, I am good in using Linux, Git, etc. I have also worked with SQL, gaining experience in database management.

I am eager to learn from and contribute to a team that values innovation and collaboration. My strong communication skills enable me to effectively interact with diverse stakeholders, ensuring smooth project execution and alignment with business goals.

I would welcome the opportunity to further discuss how my skills and enthusiasm can contribute to Futops Technologies. Thank you for considering my application. I look forward to your response.

Best regards,  
Md Mustafa Hussain
